User Mapping Process	3
1. Create Resource in BC	3
2. Redirect to Farm App	3
3. Create User Enterprise	4
4. Create User Role	6
5. Create User Group	7
6. Add Users	10
7. Assign Resources	11

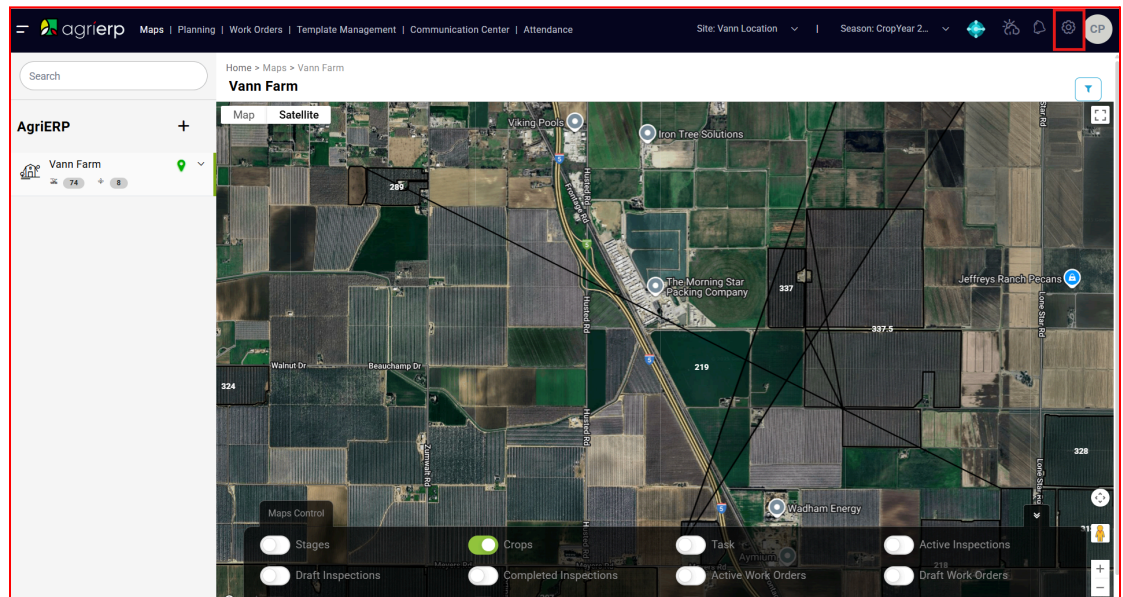

User Mapping Process

1. Prerequisites

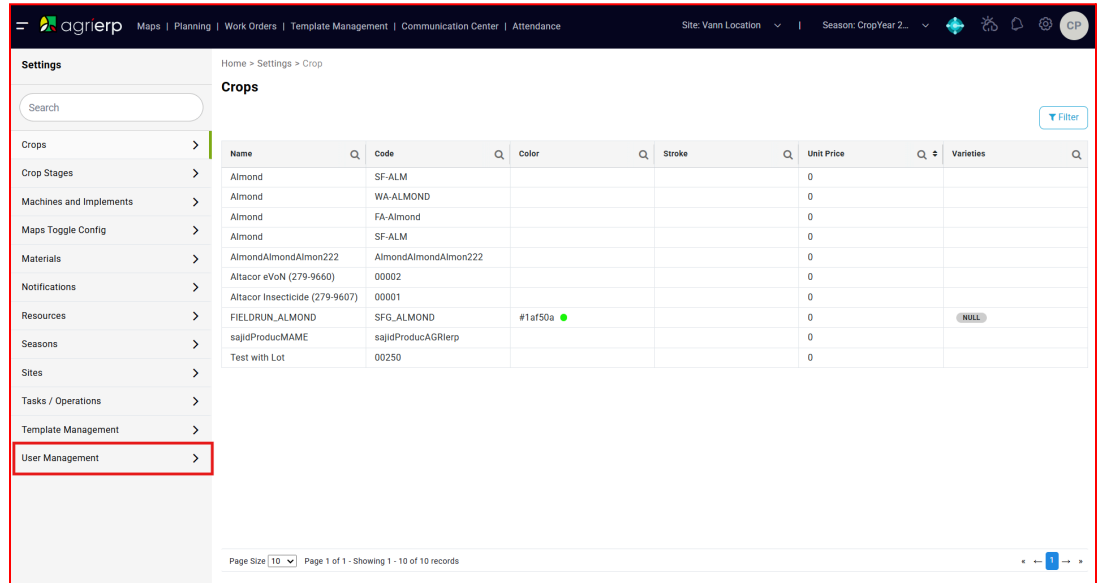

- 1.1. Resources should be created in Dynamics first.
 - 1.1.1. Go to ERP (Dynamics F&SCM).
 - 1.1.2. Create a new resource.

2. Redirect to Farm App

- 2.1. Open the Farm Web App.
- 2.2. Go to **Settings**.

2.3. Click on the **User Management** tab.

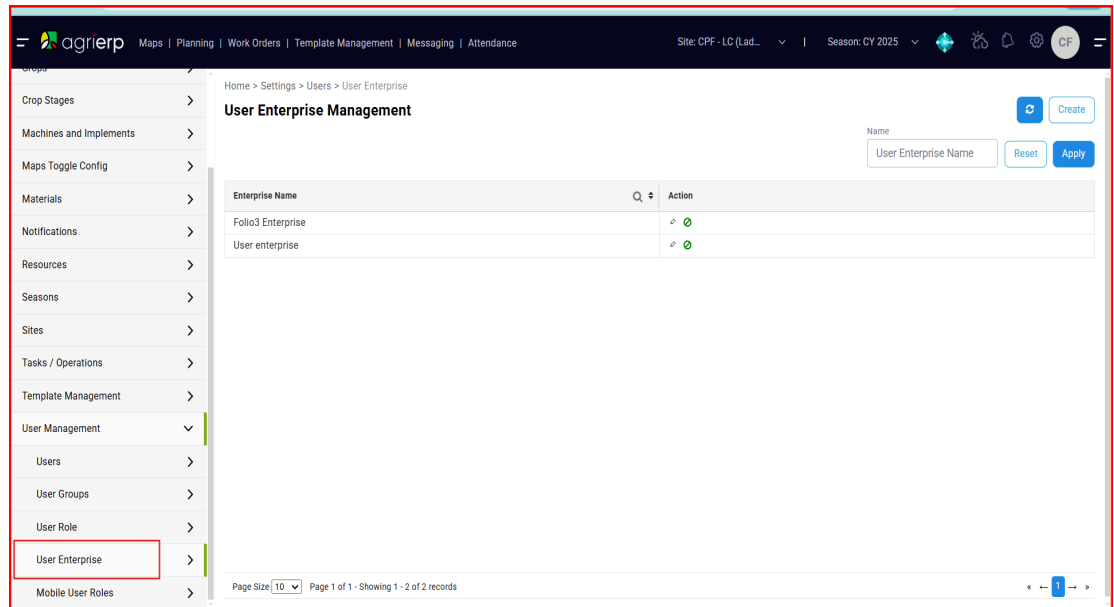

The screenshot shows the 'User Management' tab in the agrierp application. The left sidebar contains a list of settings categories, with 'User Management' highlighted. The main content area displays a table of crops. The table has columns for Name, Code, Color, Stroke, Unit Price, and Varieties. The data includes various crop entries like 'Almond', 'AlmondAlmondAlmon222', and 'Test with Lot'.

Name	Code	Color	Stroke	Unit Price	Varieties
Almond	SF-ALM			0	
Almond	WA-ALMOND			0	
Almond	FA-Almond			0	
Almond	SF-ALM			0	
AlmondAlmondAlmon222	AlmondAlmondAlmon222			0	
Altacor eVoN (279-9660)	00002			0	
Altacor Insecticide (279-9607)	00001			0	
FIELDRUN_ALMOND	SFG_ALMOND	#1af50a		0	NULL
sajidProducMAME	sajidProducAGRIerp			0	
Test with Lot	00250			0	

3. Create User Enterprise

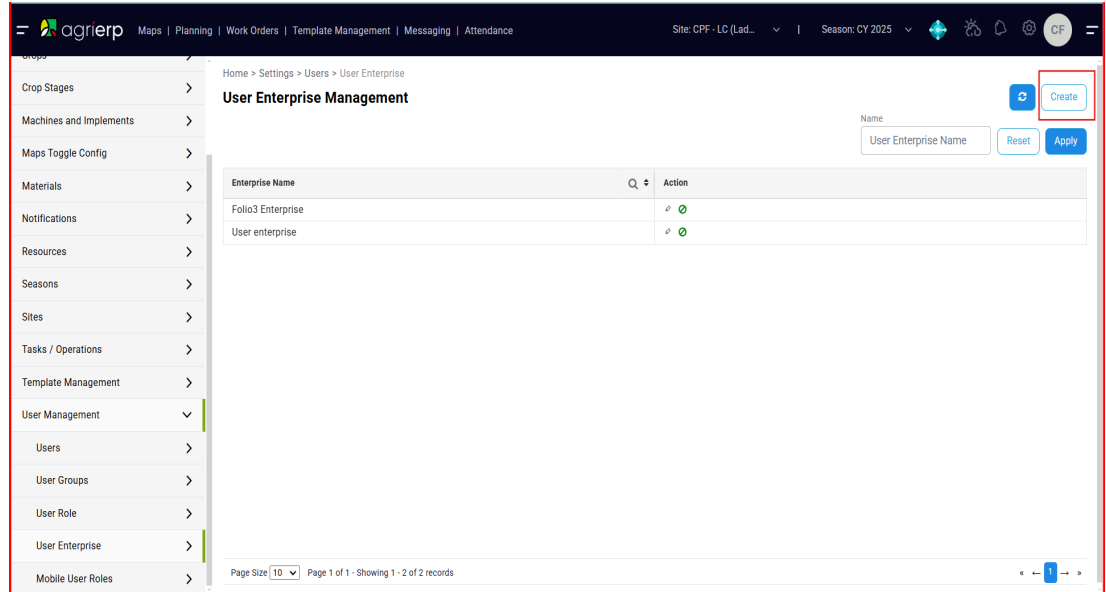

3.1. Click on the user **Enterprise** tab.

The screenshot shows the 'User Enterprise Management' tab in the agrierp application. The left sidebar contains a list of settings categories, with 'User Enterprise' highlighted. The main content area displays a table of user enterprises. The table has columns for Enterprise Name and Action. The data includes 'Folio3 Enterprise' and 'User enterprise'. There are also buttons for 'Create', 'Reset', and 'Apply'.

Enterprise Name	Action
Folio3 Enterprise	 
User enterprise	 

3.2. Click on create button

Home > Settings > Users > User Enterprise

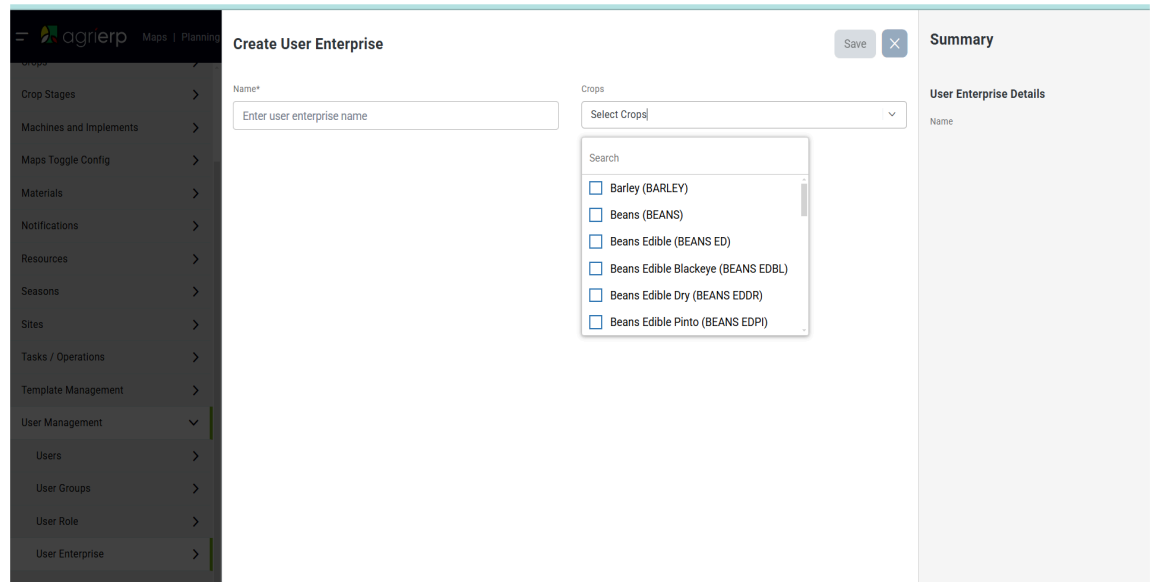

User Enterprise Management

Name
User Enterprise Name

Enterprise Name	Action
Folio3 Enterprise	edit delete
User enterprise	edit delete

Page Size 10 Page 1 of 1 - Showing 1 - 2 of 2 records

3.3. Enter Name and relevant crops for this enterprise.

Create User Enterprise

Page Size Page 1 of 2 - Showing 1 - 10 of 15 records

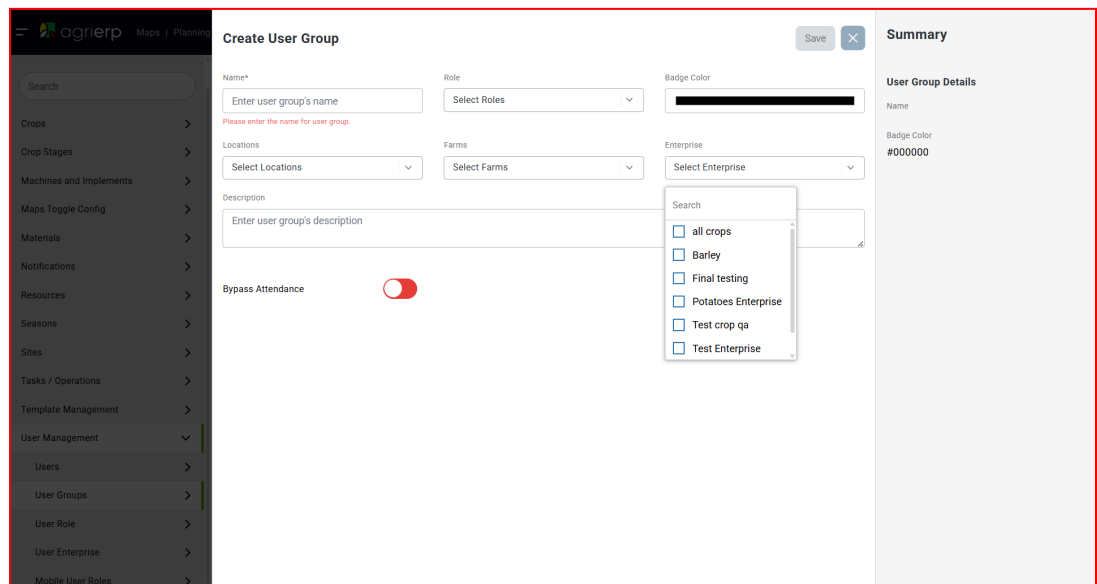

5.2. Click on **create User Group**.

The screenshot shows the 'User Groups Management' page in the agrierp application. The left sidebar contains a navigation menu with 'User Groups' highlighted. The main content area displays a table of existing user groups. A red box highlights the 'Create' button in the top right corner of the main content area.

Name	Description	Status	Actions
Admin Users Full Access	Access to everything in both Apps i.e. Farm a...	Active	
Folio3 Testing	For Folio3 Team's testing purpose	Active

Badge Color

5.4. Select the **User Role** that was created in step 4.

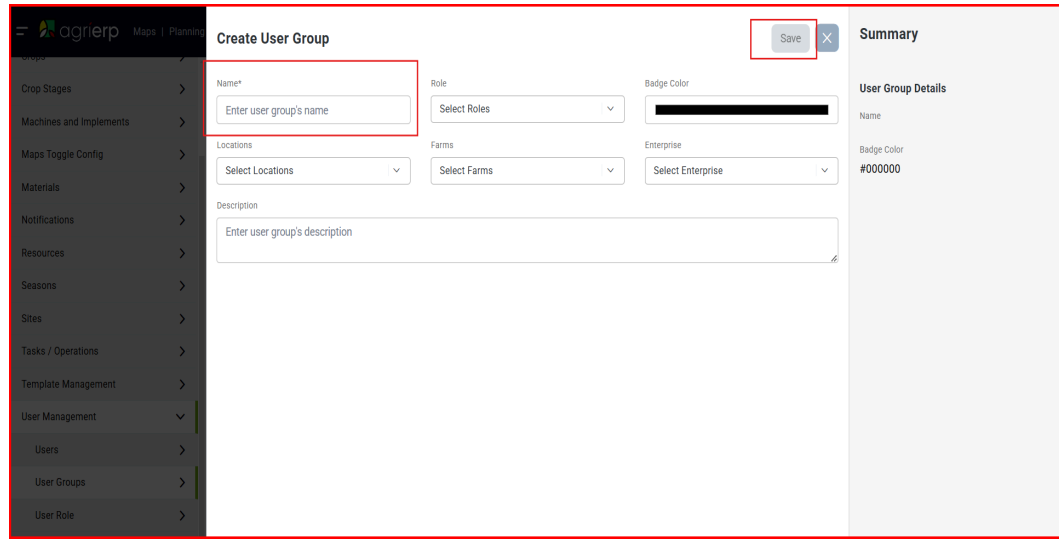

The screenshot shows the 'Create User Group' form in the agrierp system. The 'Role' dropdown menu is open, displaying a list of roles: CFO, Farm Operations Manager, Field Workers, Final testing, Folio3 Testing, and General Manager - Permanent. The 'Bypass Attendance' toggle is turned on. The form includes fields for Name, Locations, Description, Badge Color, and Enterprise. A 'Summary' panel on the right shows 'User Group Details' with fields for Name and Badge Color.

5.5. Choose the relevant **Farm and Locations** where the users should have access.

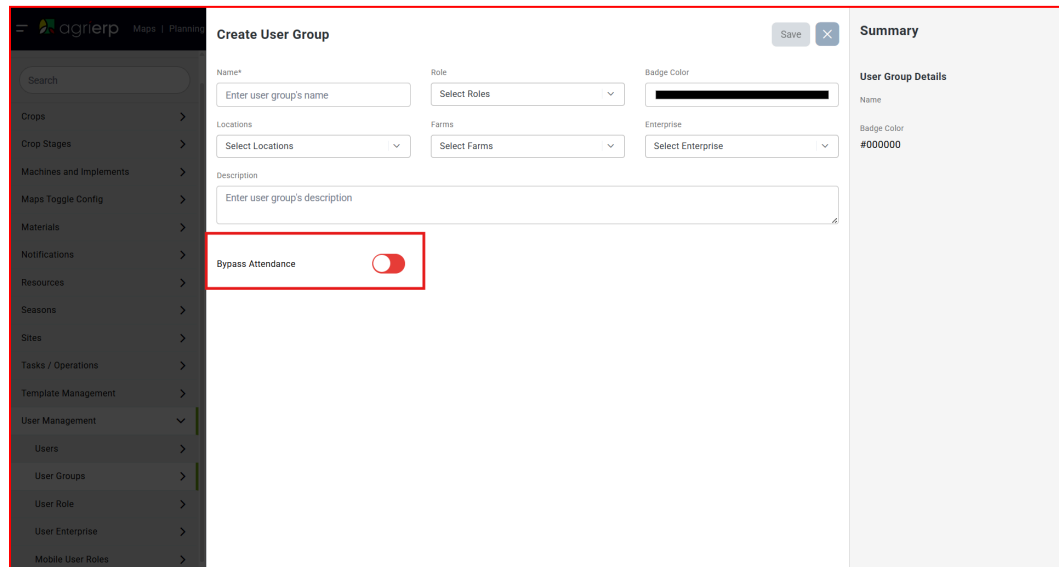

The screenshot shows the 'Create User Group' form in the agrierp system. The 'Locations' and 'Farms' dropdown menus are highlighted with red boxes, indicating they are the relevant fields for selection. The form includes fields for Name, Locations, Description, Badge Color, and Enterprise. A 'Summary' panel on the right shows 'User Group Details' with fields for Name and Badge Color.

5.6. Enter the **User Group Name** and click Save.

The screenshot shows the 'Create User Group' form in the AgriERP application. The left sidebar contains a menu with options like Crops, Crop Stages, Machines and Implements, Maps Toggle Config, Materials, Notifications, Resources, Seasons, Sites, Tasks / Operations, Template Management, User Management, Users, User Groups, and User Role. The main form area has a 'Name*' field with a placeholder 'Enter user group's name', which is highlighted with a red box. To the right of the name field are dropdowns for 'Role' (labeled 'Select Roles') and 'Badge Color' (with a color picker). Below these are dropdowns for 'Locations' (labeled 'Select Locations'), 'Farms' (labeled 'Select Farms'), and 'Enterprise' (labeled 'Select Enterprise'). A large text area for 'Description' with a placeholder 'Enter user group's description' is at the bottom. A 'Save' button is highlighted with a red box in the top right corner. On the far right, a 'Summary' panel shows 'User Group Details' with 'Name' and 'Badge Color #000000'.

5.7. Specify whether the users in the group are required to record attendance (clock-in/clock-out) on AgriERP or will the attendance be bypassed.

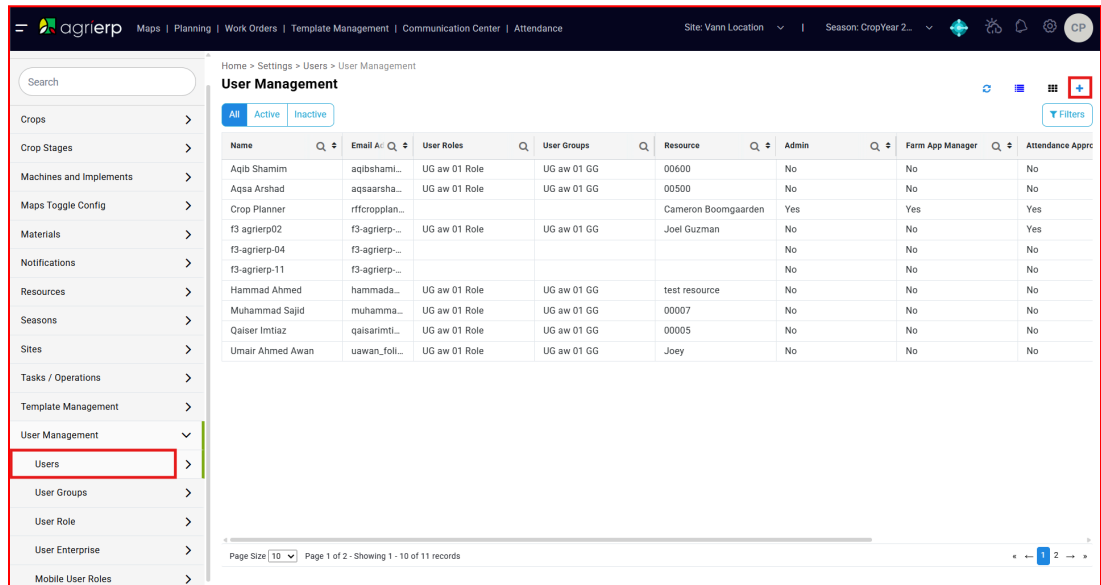

This screenshot shows the same 'Create User Group' form as the previous one, but with the 'Bypass Attendance' toggle switch highlighted by a red box. The toggle is currently turned on (indicated by a red circle). The rest of the form and the sidebar menu are identical to the previous screenshot.

6. Add Users

6.1. Navigate to the **Users** tab.

6.2. Click on the **+ Add** button.

Home > Settings > Users > User Management
